

Signs of, *anxiety* and **fear**

From Dr. Marty Becker

Take note of these signs to save your pet from stress.

Take a look at the long list below, and you may not be surprised that many signs of anxiety and fear in dogs or cats are commonly overlooked. Repeated episodes of fear can result in your pet experiencing

Unnecessary stress and, thus, a reduce quality of life. If you notice any of these signs frequently, schedule a visit with your veterinarian to help determine the cause and learn how to lessen and eventually prevent future episodes.

- | | | |
